### MATERIALS HANDLING

Improved and intuitive techniques and ways to move products within the storeroom or warehouse and throughout the organization.

### SPD/ENDO INNOVATIONS

Spotlighting some of the latest devices and technologies used in sterile processing operations and why they matter.

### SURGICAL SUITE TURNOVER

How to clean, disinfect, sterilize, staff and fortify ORs to move surgical patients through procedures more effectively.

### REUSABLES VS. SINGLE-USE PRODUCTS

The ongoing debate about where it makes the most sense to use either product type and why.

### DEVICE/EQUIPMENT MAINTENANCE & REPAIR

The regulatory and technological changes that affect how organizations care for their tools.

## COMING IN MARCH 2023
